

AD N ART Inc.

To Whom it May Concern,

Adnart only uses inks that are proposition 65 approved and non toxic approved and vetted. We can provide you with documentation from internationally approved 3rd party laboratory results and testing for your perusal. Contact us for these test results at www.adnart.com All of our products are 100% BPA free and toxic free of Lead and Cadmium.

Many of our products have Lifetime Guarantee Warrantees. We stand by our products and will replace any defective products or credit your account. We use the Tritan material whenever possible in many products for further information about the Tritan material see www.tritan.com
